

ELIN ROBERTSON

web developer

ABOUT ME

A newly graduated web developer with a focus on full stack, ready for new challenges and opportunities. I enjoy technology, design, and the feeling of creating something new and seeing it come to life. I am passionate about frontend but have learned to appreciate the challenges of backend during my education. As a person, I am driven and always curious to learn new things.

CORE COMPETENCIES

- Curious
- Creative
- Strong work ethic
- Solution-driven

EDUCATION

Medieinstitutet

WEB DEVELOPER E-COMMERCE | 2022 - 2024

Have completed the following courses:

- Frontend Development - HTML, CSS, and JavaScript
- System Development - Node.js and PHP
- Database Technology - MongoDB/Mongoose
- E-commerce and M-commerce
- Development for E-commerce Platforms - WordPress
- System Development Framework - React
- System Support and Integration with Third-Party Systems - socket.io and Stripe
- Work and Project Methodology - Agile Methods
- Thesis Project - Built an e-commerce with custom frontend and backend.

During my education, I have gained fundamental knowledge in HTML5, CSS3, JavaScript, TypeScript, PHP, JSON, Node.js, MongoDB/Mongoose, Express, React, responsive web design, WordPress, Git/GitHub, and more.

WORK EXPERIENCE

Internship at CGI Kalmar

WEB DEVELOPER | 2024 - 2024

My second internship was at CGI in Kalmar, where I spent 15 weeks. There, I worked independently to build an e-commerce site for a flower shop. During this internship, I learned a lot about working with a client who has clear requirements.

Internship at Wiberg Media

WEB DEVELOPER | 2023 - 2023

During my 10-week internship, I worked with great independence in WordPress and WooCommerce, while also developing my skills in PHP and integrations with various APIs. I also had the opportunity to experiment with Tailwind, Bootstrap, and Framer Motion.

Concentrix

SECONDLINE SUPPORT AND MORE | 2012 - NOW

During most of my time at Webhelp, I've been involved in sales of TV and broadband services. I've been awarded "Salesperson of the Year" three times. For the past four years, I've worked as Secondline Support, where I've used Jira on a daily basis.

Founder and co-owner of Be Charmed

RUN AN E-COMMERCE BUSINESS | 2013 - 2018

Together with my colleague, we initiated and ran a company where we sold self-produced jewelry through our e-commerce platform. My primary roles in the company included production, photography, and management of the e-commerce operations.
